Enrollment Characteristics

Program Counts

List of students registered as of October 15th of each fall term. Total counts are unduplicated, the total number of students within each program represents the actual headcount even though there are students enrolled in more than one program (e.g. MSCR and PhD).

	Fall 2016	Fall 2017	Fall 2018	Fall 2019	Fall 2020
Doctor of Medicine	324	362	377	400	412
Master of Public Health	46	48			

Sex Distribution

Sex is a student self-reported characteristic. Stacked bar graph shows proportion of students constituting the reported sex category.

²Unduplicated headcounts the actual number of individual students enrolled. Students may be enrolled in more programs but they are counted only once.

Program Enrollment by Sex and by Race/Ethnicity

Only programs with registered students during the listed semesters ar
